

JM2 MOTORSPORTS CONSIDERS AUGUST A SUCCESS

(August 29, 2009) In recent action, Joe Martin drove an incredible race and put the #55 Crate Late Model into victory lane, claiming not only his first win, but also the first win for the JM2 Motorsports team. In his rookie season, Joe has amassed an impressive 20 Top 10 Finishes in his 38 starts, while also claiming this recent feature win. Joe has been happy with the way his rookie season has gone, however he is also set on continual improvement.

At the beginning of this month, Joe competed at the famous Eldora Speedway in Rossburg, Ohio. After turning in a strong qualifying effort, Joe was moving towards the front come feature time, and appeared to have a top-5 car. Fate would have none of that though, as contact with another car forced Joe to the tail of the field. He rallied and pushed his #55 Rocket Chassis to the 12th position.

In the weeks to follow, Joe competed at Tri-City, Dog Hollow, and Mercer. He picked up several Top 10's and a pair of Top 5's, including the aforementioned win. Joe appeared to be on his way to another strong finish at Dog Hollow Speedway on August 14th, however some mechanical gremlins caught up with him and resulted in a DNF, while running in the second position. Joe's mentor, Mike Blose, went on to claim his first Crate Late Model victory that evening.

After a month filled with some high's and low's, Joe is looking forward to the remainder of the 2009 racing season and hopes pick up a few more wins before the season is over.
