

### JOE MARTING GOING 'FASTER' IN 2010

(February 13, 2010) Ringgold, PA - After a long winter, Joe Martin Motorsports is looking forward to competing in its sophomore season-and will be doing so with brand new FASTER chassis. "When you consider the price and quality of the product, it was just the right decision to make" said Martin. "Tommy (Snyder) helped us out a lot last year in a number of ways and I can't wait to see what we can do in one of his new cars".

Martin, who was named as Mercer Raceway Park's Horizon Award Winner, plans to compete in the FASTRAK Northeast points race as well as staying active at weekly shows. Check out the updated 2010 schedule to see where Joe will be racing at this season.

In addition to the new chassis, Martin is also pleased to debut a re-designed website. The site was prepared by Jason Fleming at Fleming Design solutions. Martin stated 'We had the opportunity to work with Jason during our rookie season, and he is back on board for 2010. I couldn't be happier with the site and how it represents our team!'

Joe would like to thank his 2010 sponsors: Martin Farms, Juart Exploration, Juart Bros. Excavating, S&S Communications, Neese Trucking, ZeroWraps, Ringgold Tire, Primitive Peddler, Faster Chassis, B&C Meter, Freedline Auto Repair, Cornerstone Chiropractic, and Fleming Design Solutions.
